

HIRING MADE HUMAN

Find the Best Fit with Ease

myHIRE offers an integrated online system that provides applicant tracking, employee onboarding and benefits administration.

- **User-friendly** job creation and application process
- **Customizable** onboarding capabilities
- **Efficient and Clear** benefit information and resources

myHIRE presents **Work Opportunity Tax Credit (WOTC) opportunities** during the application process. In addition it will provide required tax return information for the filing of WOTC credit.

Applicant Tracking System

- Quickly create job postings and post them to job boards
- Postings are mobile formatted for increased engagement
- Schedule interviews, take notes and more
- Select best candidates through ranking in simple to use dashboard

Paperless Employee Onboarding

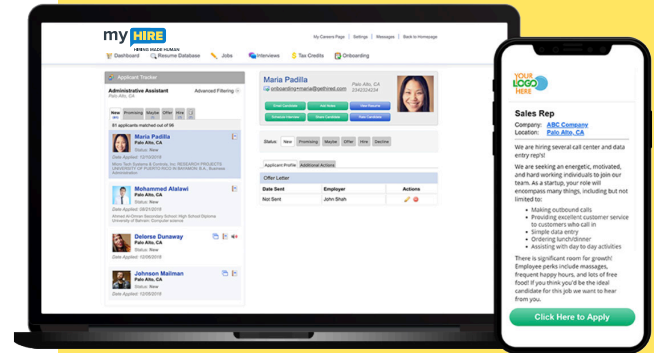

- Quickly and efficiently complete employee onboarding paperwork
- Onboarding paperwork can be completed on mobile device or computer
- Customize onboarding paperwork to meet your needs

Benefits Administration

- Empower employees with information to make the best choices
- Enroll in new coverages and report qualifying events online
- Provide access to employees of their benefit information and resources

Work Opportunity Tax Credit (WOTC)

- Determines WOTC eligibility
- Shows eligible credits for applicants
- Creates appropriate forms and provides information for tax returns

More than 50% of job seekers today apply through a mobile device, so having a professional, mobile-first application process is important to attract qualified candidates.
