## Protect your business from financial risk with COBRACompli™ administration and support

### Does your business have 20 or more employees and offer group healthcare benefits?

If you answered yes, then COBRA requires you to provide former employees and dependents with the opportunity to continue health benefits coverage for a designated timeframe. Count on us to help start and run a new COBRA administration program — or manage an existing program. You can rely on COBRACompli to handle the complex details that often drain your time. It frees you to handle what really matters to your business. COBRACompli delivers a customer focused service model combined with knowledgeable experts who deliver personal service with streamlined processes and a secure back office infrastructure.
