

Advantage for you:

- Access to COBRA compliance experts that support the specific needs of your clients' business.
- We streamline the administration and support of COBRA deadlines, documentation and tracking requirements.
- Convenient, secure online and mobile access to important participant information.

Simplify Your Life With COBRACompli™ administration and support

Why offer COBRACompli?

It's a simple one-stop solution.

Your goal is to sell benefits and provide your clients with the highest level of service. As part of that service, it is important to offer your clients a COBRA administration solution. With frequent changes in COBRA regulation, it is becoming more difficult for employers to stay in compliance.

By offering COBRACompli to your clients, you will reduce their risk of potential fines while being seen as a valued partner. COBRACompli also frees your time to focus on your clients versus worrying about COBRA.

Count on COBRACompli to handle administration and support to protect your clients. Contact your MyHRConcierge specialist today!
